

**STILLHOUSE HOLLOW CHESAPEAKES  
BREEDING REGISTRATION AGREEMENT**

Buyer (s) \_\_\_\_\_

acknowledge and agree that if they wish to breed their dog,

Name \_\_\_\_\_

Reg # \_\_\_\_\_

They do not breed him/her until the conditions listed below are met:

- 1) Breeder Vanessa Wilson must see the dog either in person or through photos supplied as requested to decide if the dog is breeding quality.
- 2) That dog has all health clearances (OFA/hip xray, PRA DNA test if needed, & CERF exam) prior to breeding.
- 3) A title of some kind (either AKC, ACC or CKC) conformation, Field trial awards {licensed or sanctioned}, hunt test, working, obedience, tracking or agility has been earned by the dog.
- 4) In lieu of any titles, a dog who meets the requirements of 1 & 2 but not 3 can be bred as long as the owner of the dog agrees to obtain Vanessa's approval of any stud dog or brood bitch to be bred with the dog named above. This approval will be required until or unless the dog obtains a title as listed in #3.

If the dog is bred without meeting these conditions, the buyer agrees to pay the breeder, Vanessa A Wilson a penalty fee of \$1750.00 These conditions are placed on the dog as we do not wish to see the Chesapeake ruined like the Labrador and Golden retrievers. We believe that breeding is a serious undertaking.
